

Arizona Congressional District 1 Communities Benefit From LSTA Funds

Federal funds administered by the Institute of Museum and Library Services provide access to electronic resources and literacy programs for all Arizona citizens. In addition, funds are distributed to community libraries through competitive subgrants. In 2016, CD 1 libraries used LSTA awards to:

- Create the NAU MakerLab that enables 3D printing from anywhere in the state.
- Help children improve early literacy skills in Camp Verde, Flagstaff and Show Low.
- Teach teens technology at Ak-Chin Indian Community Library.
- Provide wireless scanning, faxing and printing in Sedona.

MakerLab, Northern Arizona University

The current arts and crafts program is geared toward children. Adults come to the library wanting to learn skills. Now the library will be better able to meet the needs of adults.
